

Dairy Sustainability Award Deadline is December 1

October 10, 2011

We are all proud of U.S. dairy's long-standing commitment to healthy people, healthy products and a healthy planet. You don't have to look far to find countless [examples](#) of dairy farms and businesses that are reducing environmental impact while building business value and contributing to the communities in which they work and live.

Now, the Innovation Center for U.S. Dairy® is introducing the new U.S. Dairy Sustainability Awards program to honor the best of the best. The awards recognize dairy farms, businesses and collaborative partnerships for practices that deliver outstanding economic, environmental and/or social benefit, thus helping to advance sustainability of the dairy industry.

The deadline for applications is Thursday, December 1, 2011. To learn more and to nominate, go to USDairy.com/Sustainability/Awards.
