

WASHINGTON, D.C.

Nominations open for U.S. Dairy Sustainability Awards

Nominations are currently open for the U.S. Dairy Sustainability Awards, established by the Innovation Center for U.S. Dairy® in affiliation with the Dairy Research Institute™. The awards recognize dairy farms, businesses and collaborative partnerships for practices that deliver outstanding economic, environmental and/or social benefit, thus helping to advance sustainability of the dairy industry.

Nominations are open for the following awards: The Elanco Award for Outstanding Dairy Farm Sustainability; The U.S. Dairy Export Council Award for Outstanding Dairy Processing & Manufacturing Sustainability and The Center for Advanced Energy Studies/Idaho National Laboratory Award for Outstanding Achievement in Energy.

Nominations will be evaluated based on the program's or project's results as measured by triple bottom-line success — economic, environmental and social.

The deadline for applications is Thursday, Dec. 1. To learn more and to nominate, go to USDairy.com/Sustainability/Awards.
