

**WGBA to Sponsor Farm Tour of Holsum Dairy**

Wisconsin Ag Connection - 03/22/2012

The Wisconsin Green Building Alliance is hosting a tour of the Holsum Dairy near Hilbert next month.

A participant of the Wisconsin Department of Natural Resources, Green Tier program and winner of the 2012 Dairy Sustainability Award, Holsum Dairy provides milk for the state by turning cows into recycling machines.

The farm is powered by its own methane digester. Dr. Bob Nagel and Kirk Vander Dussen will be guiding groups through the dairy for a one hour tour that gives hands on explanations of the green strategies the farm employs.

The tour, which is being held April 11 from 11:30 a.m. to 1:00 p.m., is free for WGBA members and \$15 for non-members
