

# RISK & INSURANCE

## New Product Announcements (Feb. 28, 2012)

### Resources

**ProspX Inc.**, a developer of the first on-demand sales collaboration and business intelligence solution for the commercial insurance industry, announced that [Rough Notes](#), the leading national insurance publication for independent insurance agents, will leverage the ProspX platform to automatically deliver content and insights to its 41,000 subscribers.

The [National Alliance Research Academy](#) has published its **5th Edition of Executive Liability Insurance**. This highly focused 93-page edition is completely updated and covers Directors & Officers Liability Exposures and Insurance, Employment Practices Liability Exposures and Insurance, and Fiduciary (ERISA) Liability Exposures and Insurance.

### Technology

**Kyriba**, a Software-as-a-Service (SaaS) treasury management solutions company, announced the launch of its **Supply Chain Finance technology platform**. Fully integrated with Kyriba's Treasury Management System, the Supply Chain Finance solution is a scalable, multi-bank portal that connects buyers, suppliers and financial partners on a single platform to facilitate the early payment of invoices to suppliers.

**Standard Insurance Company** is re-launching its [Workplace Possibilities](#) website to provide a more comprehensive resource for human resources professionals to discover innovative ways to prevent and manage absence and disability in the workplace.

### Coverages

**Marsh** launched a new insurance facility that provides comprehensive insurance coverage for the Private Maritime Security Company (PMSC) industry. Developed to support the requirements of the Security Association for the Maritime Industry (SAMI), Marsh's new insurance facility meets the insurance recommendations stipulated by the International Maritime Organization (IMO) and is available exclusively to SAMI members. Marsh has created the facility with additional guidance from leading PMSCs, P&I Clubs, and insurance underwriters.

**XL Group** plc's select professional insurance underwriting unit and Hays Affinity Solutions, a division of Hays Companies of Minneapolis, Minn., are offering professional liability insurance to dentists countrywide.
