

**HOUSE** - To Do List - (March 7, 1993)

Folks...there's still lots to do. The documentation and help could be much better. It will be shortly, just in time for your order! So far, HOUSE is pretty amazing don't you think? At \$15.95 the price is certainly amazing!

Of course, if you don't send your \$15.95 +S/H, and no one has yet, I can't keep shipping free copies, now can I?
