

J.L.M. SOFTWARE is a wholly Australian owned manufacturer and distributor of software. The company was established in 1992 and now boasts offices and agents Australia wide. Software titles we provide are not only of the highest quality, but are versatile and user friendly. Our broad range of software applications include:

GAMES - Arcade, Adventure, Puzzle,  
Action, Strategy

EDUCATION - Adult, Child

BUSINESS - Spreadsheets, Accounting

MULTIMEDIA - Arts, Music, Video and others

WINDOWS - Many titles available

Applications are available on both 3.5" and CD-ROM formats allowing our titles to be accessible to all users no matter which format they may require. Our specialised Kanga-Rom menu ensures that even the most inexperienced operator can get the most out of their software package in the quickest and simplest fashion. J.L.M. continues to maintain an extremely high standard of quality, service and support, providing excellent value for money to the end-user. For retail and distributors information, please contact:
