

Notice

PLEASE READ CAREFULLY BEFORE USING THE COREL CORP. SOFTWARE DEVELOPER'S KIT

Corel Corporation Limited ("Corel") is pleased to provide you with this *Shared Code Software Developer's Kit*. It is Corel's intention in designing the *Shared Code Software Developer's Kit* to make it compatible with other versions of the *Software Developer's Kit*. However, since it is constantly being modified and reorganized, with certain capabilities added to or eliminated from any particular version or product, Corel makes no representations or warranties concerning compatibility with other versions or products.

You are solely responsible for determining the usefulness of the *Software Developer's Kit* for your particular purpose. The *Software Developer's Kit* is provided to software developers with the expectation that the developers are capable of writing and debugging their own programs; Corel does not assume any support obligations with respect to the *Software Developer's Kit* or the use thereof. Any research, development, or evaluation you perform is done entirely at your own risk.

Software Developer's Kits

The Corel Applications Group, offers important technical resources for both integrators and developers through our Software Developer's Kits, including:

PerfectFit technology

Integration tools

Functionality enhancements

Sample source code

Access to tokens

Windows, DOS, and UNIX Open APIs

Powerful cross-application scripting

Each Software Developer's Kit comes complete with detailed documentation and sample code. You can quickly and easily integrate WordPerfect, Quattro Pro, Presentations, and other products into your own development projects when you use the tools and resources that SDKs make available to you. PerfectFit Partners

Our PerfectFit Partners program offers additional tools and services to enable you to use our Software Developer's Kits to full advantage, including a developer newsletter, evaluation software, marketing assistance, discounts on selected products, and a quarterly PerfectFit Partners CD-ROM that will keep you up-to-date with the newest SDKs, support infobases, technical notes, and other technical and marketing information.
