PAGE OVERTURES OVERVIEW

Each Page Overtures volume contains 100 stunning, high-resolution, full page photographic background textures in JPEG file format. You can use Page Overtures as backgrounds in your high quality color printing and slide productions as well as use them as backgrounds in presentations, multimedia and video productions. Page Overtures are evocative and have that polished, professional look that sets them apart from the myriad of factory-produced texture libraries on the market today. Great for use in Macromedia Director, Adobe PhotoShop, Fractal Design Painter, CorelDraw, Specular Collage, and many more. Image categories include: Food, Rock, Wood, Metal, Granite, Marble, Fine Paper, Clouds, Water, Fabric, Fire, Concrete & Stucco, Industrial Grunge, Electronics, Masonry, and Foliage. Please see the enclosed sample files and the Kudo Image Catalog for a complete catalog of the image content. An Electronic and printed color Browser are included with each volume. Royalty Free!
