

Observational Essay Proofreading

At the proofreading stage, you've almost finished the paper you've been working to create. However, sometimes when you've been working hard on a paper, you're so involved in it that you can't see mistakes. That's when you need to take a break. When you come back to your paper, you'll see it with fresh eyes, and the errors will be easier to spot. Use the **Proofreading Guidelines** for a guide to the most common mistakes.
