An affordable Message Bar Control for Windows Application. It provides a wide range of functionality in an easy to use package. The control is contained within a DLL so that it can be easily used with more than one application at a time. Message displayed using a eye-pleasing font. Foreground and background colors can be defined. Message Bar can be turned on and off easily through a menu selecting. Includes sample program displaying all features of the API.

Paul King \$15.00. Windows 3.1, Windows Compatible Compiler and 3.1 SDK required.

See the introduction in the manual **API.WRI** for a more detailed description.

System Requirements

- Windows 3.1 and a system capable of running it:
- Personal computer (286 or better).
- 640K conventional memory and at least 256K extended memory.
- DOS 3.1 or later.
- Windows supported display.
- Hard disk with at least 1MB of free disk space.
- Floppy drive.

Note - this program will **NOT** work with Windows 3.0 or previous versions of Windows.

See the file "README.TXT".

Distribution Policy

Paul King, its successors and assigns, grant all shareware distributors the right to distribute:

Message Bar Version 1.00

so long as the following conditions are met:

1. The program file and all associated files must be included with each copy distributed. The files may not be altered.
2. No fee can be charged for the software itself. A reasonable fee may be charged for distribution. It must be made clear to the buyer that any fee they are paying is not for the software, it is only for the distribution of the software.
3. The software cannot be sold as part of another package.
4. The software cannot be rented or leased.
5. Only the Shareware versions may be distributed. They can be identified by the Shareware message displayed in the Message Bar from time to time. The registered version does not contain this message. This is the only difference between the registered and unregistered version.
6. Only the latest version can be distributed. If you let me know you are distributing this program I will send you updates as they become available.

Violation of any of the above conditions results in the immediate termination of the Distributors right to distribute the above program.

Paul King affirms that he owns all rights to the above mentioned software program.

This is a non-exclusive agreement and Paul King reserves the right to use other agents and distribution methods as he sees fit.
