

Rules for the February Contest of The PIT.

The door for The Pit will be installed in The CONTEST section and not be available for play until Feb. 1, 1993. All players will begin on level 1 with no hand weapon, no range weapon and only a loin cloth. All players will begin with 200 pieces of gold.

The winner will be the player with the highest number of points (score) only at the end of February. Win ratio or level will not count towards winning.

The game The PIT is easy to play, but very competitive. A complete players manual is available as file pitplayr.zip. in Dir. 21. You begin the game as a lowly farmer's son seeking fortune. In your travels you will meet thugs, battle monsters, warriors, creatures and many other evil beings. If things get rough, you can go to the Tavern for a beer or to the Gambling Hall to try your luck. All these things may make a better person of you. Good Luck!!
