

QUANTUM OF SOLACE™

Wii™ FACT SHEET

PRODUCT DESCRIPTION:

James Bond is back to settle the score in the *Quantum of Solace™* game. Introducing a more lethal and cunningly efficient Bond, the game blends intense first-person action with a unique third-person cover combat system that allows players to truly feel what it is like to be the ultimate secret agent as they use their stealth, precision shooting and lethal combat skills to progress through missions. Seamlessly blending the heart-pounding action and excitement of the upcoming “Quantum of Solace” feature film with the “Casino Royale” movie, the title propels players into the cinematic experience of international espionage.

KEY FEATURES:

- **Be the New Bond** - The *Quantum of Solace* game marks the first time players can become the dangerous and cunning Bond as portrayed by Daniel Craig in “Quantum of Solace” and “Casino Royale.”
- **Cinematic Appeal** - Paying special attention towards making the game one of the most graphically stunning titles on the Wii, the *Quantum of Solace* game is filled with armed combat, massive explosions and vertigo-inducing chases. Gamers are further drawn into epic movie moments with theatrical camera angles, split screen effects, picture-in-picture sequences, and visually stunning real world locations such as Montenegro, Venice, Bolivia and Austria.
- **Innovative Wii Controls** - Players fully immerse themselves into the Bond universe utilizing controls designed specifically for the Wii. Players may choose to use the unique Wii Remote and Nunchuk control scheme to seamlessly target and engage their enemies or they can leverage the Wii Zapper to truly step into the shoes of James Bond.
- **Unparalleled Bond Multiplayer Experience** - Bringing James Bond to the Wii for the first time, gamers now have the ability to battle their friends in online multiplayer battle. Players can also engage with up to four players in split screen local multiplayer games, a mode that is exclusive to the Wii platform.

- **Combat Variety** - From silent take downs and sneaking through confined spaces, to one-on-one shoot outs and large scale battles, players experience a variety of gameplay that challenges them to think through situations and choose how they progress, whether it's through covert means or confronting enemies in full force.
- **Advanced combat and Realistic AI** - Players engage in both first-person and third-person gameplay that allows gamers to be Bond in unscripted battles against the world's most evil villains and mercenaries.
