

for PSP™

Available June 2006

Overview

Pirates of the Caribbean: Dead Man's Chest, based on the upcoming Walt Disney Pictures' film, is a swashbuckling third-person action/adventure. Players will engage in game play that reflects the cunning world of the film franchise -- with an abundance of disloyalty, humor and revenge. Players embark on a daring adventure as Captain Jack Sparrow while sword dueling and hunting for hidden treasure in the quest for the legendary Dead Man's Chest. What's at stake? Only the player's immortal soul!

Key Features

- As Jack Sparrow, players take on a variety of enemies by utilizing strength and speed attacks or "dirty moves" (such as head butting and groin kicking) as they progress through the adventure
- Utilize different weapons including swords, pistols, hatchet, throwing knives and grenades
- In multiplayer mode, choose among five pirate ships and set sail in one of 10 maps to defeat fellow gamers or the PSP AI – three maps available via Gameshare (human opponents need not own the game to play)
- Multiplayer mode includes Deathmatch, Timed Match, Last Pirate Standing, Plunder the Flag game versions
- Earn notoriety by defeating enemies to gain rewards
- Complete the single player mode to unlock the Black Pearl in the multiplayer games
- Spend treasure in Last Pirate Standing to unlock the Flying Dutchman

About "The Pirates of the Caribbean: Dead Man's Chest" film

In this swashbuckling follow-up to the blockbuster 2003 film, captain Jack Sparrow is caught up in another tangled web of supernatural intrigue: it turns out Jack owes a blood debt to the legendary Davy Jones, Ruler of the Ocean Depths, who captains the ghostly Flying Dutchman. Unless the ever-crafty Jack figures a cunning way out of this Faustian pact, he will be cursed to an afterlife of eternal servitude and damnation
