Product Description:

Based on Disney's 35th animated feature film, *Disney's Hercules Action Game* is a challenge of mythological proportions. Players must prove themselves true heroes in order to take their rightful place in the Realm of the Gods by defeating a host of earthly monsters, defending Mt. Olympus from attack by the Titans, and beating Hades in the Underworld to save the soul of their loved one, Meg. Countless adversaries from Centaurs, Harpies and the multi-headed Hydra stand in the way of their quest where only the most courageous and skilled players survive.

Key Features:

- **Brings the "Hercules" Myth to Life** - Go from zero to hero in daring feats and intense battles that you relive from the film including defending the city of Thebes, battling the Titans on Mt. Olympus and rescuing Meg from the Underworld. Players test their gaming strength in quick-playing video game-style action that includes 11 levels of gameplay, three different worlds, hidden areas and secret power-ups. Multiple game paths provide repeat playability for more than 40 hours of dynamic gameplay.
