## CD-ROM PLAYSETS ON SCREEN FUN FOR EVERYONE

ECTS 99 Sept 5: Leading entertainment software publisher, Hasbro Interactive is proud to announce the launch of CD ROM Playsets, a new innovation of hands-on PC fun combining the elements of PC gaming and toy interaction. Following simple directions parents can set up the playset in minutes ready for children to create, build and play games from well known titles and popular play scenarios.

The Playset fits all standard Windows keyboards and there are no other confusing connections or cables to be installed. No additional desktop space is required and each playset comes with multifunction hands-on tools that are quick and easy to use. Simply strap the Playset to your existing computer keyboard and you are ready to play.

There are three CD ROM Playsets to choose from featuring hundreds of varied activities, virtual tools, games and special certificates for children to print off.

## Tonka Workshop

Tools are no longer just for Dads! Kids can use six durable plastic tools contained in a computer keytop playset to build cool projects, play exciting tool games and complete repair jobs around Tonka town. Tonka Joe welcomes kids on-screen to the Tonka Workshop and guides them through fun activities and on-site fix-it missions using 6 play set tools, which control virtual tools on-screen. There are hundred of exciting projects to build and dozens of fix-it mission to complete.

## **Easy-Bake Kitchen**

Cooking tools and ingredients on the Playset make it easy to mix, bake, decorate and play! Kids can get baking with the mixer, pastry cutter, icing bag and oven! They will love following the recipes, as well as mixing up their own wild and wacky creations. Whilst things are cooking, there are five exciting activities and games to play, as well as a tea party to host once all the goodies have been baked. Kids can continue the fun away from the computer as well, with a print feature that lets them print out their favourite treats, party invitations and gift boxes!

## **Playskool Store**

The Playskool Store puts kids in charge of the action! They'll meet and greet on-screen shoppers in six different departments of the store as they take over the role of the shopkeeper. There are also six great games to play, like the express lane, where kids perfect their check-out skills, and a toy marathon, in which favourite toys race to win. Different print activities continue the fun away from the computer, with mazes, colouring and lots more.
