Product Description

MXrider immerses you in the most extreme sport around—motocross racing! ***MXrider*** is being developed by Paradigm Entertainment, one of the leading developers of interactive 3D video games and related technologies that brought you Pilot Wings and Beetle Adventure Racing. With tons of game modes, easy pick-up-and-play controls and the craziest tricks and combos on two wheels, ***MXrider*** is motorbike simulation racing at its best.

Fearless motorcycle riders nail insane stunts in dirt racing and freestyle challenges. Federation Internationale de Motocyclisme (International Motocross League) Supercross racers come together in ***MXrider*** to face off in 5 unique contests. Players are challenged to become the world champion at the handlebars of an official machine by challenging the best pro riders on the circuits of the Official World Motocross Championship.

Ride as international top pro bikers on the most realistic tracks with the most smokin' motorbikes! Hang on, you're in for the dustiest ride of your life!
