

PAC'N ROLL™

PAC'N ROLL™

Castle Pac is celebrating the large crop of power pellets gathered, when the Harvest Festival is suddenly disturbed by a UFO that emits a Ghost Beam, turning Pac-Land into Ghost-Land.

The inhabitants of Pac-World have been turned into spheres by the evil monster Golvis' Ghost Light. Pac-Man must roll his way through Ghost-Land, collecting pellets and confronting Ghosts to save his family and restore peace to Pac-Land.

With intuitive controls and a twist on the classic Pac-Man franchise, this is a must have for your NDS game collection.

FEATURES:

- **Play with Pac-Man like a track ball!** Controlling the spherical Pac-Man is easy. Use your stylus to drag him around, going forward, turning corners, dashing with all your might, coming to a super quick stop.
- **Go around the world!** Travel from Castle Pac to the Gyro-Jungle, Ghost Land, Flaming Fortress and even Golvis' UFO! Pac-Man faces challenges like moving floors, dash panels, jump zones and wind zones.
