X-FILES

London, September 1999, Sony Computer Entertainment Europe announces the forthcoming release of the X-Files on PlayStation, an interactive adventure game in conjunction with Fox Interactive.

Fox Interactive confirmed that Gillian Anderson and David Duchovny, the international stars of the critically acclaimed, cult TV series The X-Files, will star in the game to be released in the Autumn of 1999.   The game will also include other favourite characters including A.D. Walter, Skinner, X, The Lone Gunmen (Frohike, Byers and Langley) and the Cigarette Smoking Man.

Developed in conjunction with the show's creator, Chris Carter, the game features an all new X-Files story line.   Jon Richmond, President of Fox Interactive said : "Gamers will become immersed in the phenomenon of the X-Files when they are put right in the middle of a case which captures the excitement, mood, mystery and intrigue of the X-Files".

Richmond continued : "We are excited about working with Sony Computer Entertainment Europe to ensure that the X-Files delivers a unique gaming experience to PlayStation owners".

Chris Deering, President of Sony Computer Entertainment Europe said: "We are thrilled that European fans of the X-Files will be able to participate in a completely interactive gameplay experience featuring all original, exclusive footage thanks to the full motion capability of the PlayStation."

Using Virtual Cinema technology, developed by Hyperbole Studios, the player will communicate with other characters, fully explore environments, examine clues, and evidence and interview witnesses while collaborating with Mulder and Scully to solve an X-File.
