

# CHOCOBO RACING™ - OVERVIEW

---

It happened one sunny day - Chocobo went to visit Cid in his workshop. Cid presented Chocobo with his new invention - the Jet Blades CR - allowing the wearer to race faster than ever! But then an unexpected visitor came calling...

From the creators of the world-wide smash FINAL FANTASY® series comes a racing battle-royale starring the beloved Chocobo and his friends! Race through a fun-filled adventure to see how Chocobo races to Fantasia, or simply concentrate on achieving the best record on one of the many racing modes. Each racer has their own unique vehicle and ability - find the one that suits your individual racing style and go for it! Also, be sure to use the Magic Stone power ups to get the jump on your opponents!

## Key Selling Features

- A fun-packed racing game featuring popular SQUARESOFT characters, including familiar faces from the FINAL FANTASY® series.
- Boasting an adjustable difficulty level, CHOCOBO RACING™ is perfect for anyone, from younger or inexperienced game-players who would like to enjoy the story, to more grown-up and advanced racers.
- Includes hidden racers from popular SQUARESOFT® titles.
- Grand Prix, Time Attack, Vs, Relay and Story race-modes.
- The Story mode not only allows players to follow an original adventure, but also lets them collect new racers each time they complete the story.
- CHOCOBO RACING™ features 8 cute characters including Chocobo, Mog and Cid from Final Fantasy® VII, plus a few surprise guests along the way!
- Each character has a unique mode of transportation, from cars to flying carpets and clouds. Players choose a vehicle from various shapes, weights and speeds, and the capabilities of the vehicles can be improved by picking up special items called Maseki (magic stones) which give them the ability to cast spells in order to help them win the race.
- Fantastic 2-player mode
- At the end of the Story Mode, the player is given a score of points which he can use to change the five different "parameters" or "stats" of his new racer. Ultimately each new racing character a player builds can be saved on a MEMORY CARD and raced in other game modes.
