

**TRANSFORMERS™: REVENGE OF THE FALLEN: AUTOBOTS
and TRANSFORMERS™: REVENGE OF THE FALLEN:
DECEPTICONS**

NINTENDO DS™ FACT SHEET

PRODUCT DESCRIPTION:

The fate of the earth and the survival of the human race hang in the balance in *Transformers™: Revenge of the Fallen: AUTOBOTS* and *Transformers™: Revenge of the Fallen: DECEPTICONS* for the Nintendo DS. Based on Hasbro's legendary TRANSFORMERS property, the two distinct titles take players on an intense, action packed adventure that follows a similar storyline to that of the highly anticipated blockbuster film from Paramount Pictures and DreamWorks Pictures due out on June 24th. Gamers will get to choose to protect the earth as AUTOBOTS or destroy it as DECEPTICONS, embarking on a journey where every second and every choice makes the difference between mankind's salvation and annihilation.

KEY FEATURES:

- **Take On TRANSFORMERS from Around the Globe** - Nintendo Wi-Fi Connection allows players to help their side win the epic battle by engaging in global "AUTOBOT vs. DECEPTICON" competitions through downloadable challenge missions.
- **Play as Your Own Personalized TRANSFORMERS Robot** - For the first time, players can customize their own TRANSFORMERS robot with a modular body part system. Throughout the game, players will have the ability to scan objects to unlock new parts and upgrade their character by installing new unlockable parts in the Medical Bay as they progress through the game.
- **Diverse Missions and Locales** - Players will drive, fly and fight their way through over 25 single player levels across different world locations as they fight to decide the fate of the human race as the AUTOBOTS or DECEPTICONS.
- **Battle With Friends** - Players can challenge friends to intense, head-to-head battles through local wireless multiplayer in Deathmatch mode.
