## **Twisted, Merciless Mayhem That Will Blow You Away**

- Take Destruction Anywhere, Anytime
- Twisted Metal: Head On – exclusive to PSP

<insert date> If you love explosions, weapons and destruction then **Twisted Metal: Head-On** is the PSP™ (PlayStation®Portable) game you've been crying out for. Take your twisted character and motor through an apocalyptic journey as you execute your way to the top of the twisted pile.

Developed exclusively for PSP, **Twisted Metal: Head-On** gives drivers the choice of 14 loaded and lethal machines each armed with automatic weapons, turbo boost and all with a custom made speciality attack. Pick your vehicle and get ready to unleash road rage on your opponents – the object of this game is to blow stuff up, with extreme prejudice!

Battle unfolds in 12 wide-open arenas based on locations around the world including Paris, Tokyo and Moscow – each one packed with a multitude of different weapons, bonus mini-games and unlockable areas and vehicles. **Twisted Metal: Head-On** is also the first PAL title to support PSP's Wireless Infrastructure Mode - allowing players who have mastered advanced moves such as rear fire, freeze missiles and FLAK the chance to show these skills off to rivals across Europe by playing over the Internet. In addition, for those who prefer to settle grudges locally, the game also supports Wireless Ad-Hoc connectivity for up to six players within the immediate vicinity.

Those who haven't yet got their hands on **Twisted Metal: Head-On** can have a taste of multi-player mayhem thanks to PSP's innovative Game Sharing Mode. This enables players who own the game to share a sample level – Paris – with any of their friends free of charge creating a bite-sized battle at any time.

**Twisted Metal: Head-On** brings to PSP some of the best-loved vehicles and characters from the Twisted Metal franchise including Needles Kane, Sweet Tooth, Mr. Grimm and Axel - with the storyline for each driver unfolding through the animated movies included on the disc.

All-new levels, a flexible multi-player structure and varied bonus games make this ideal for gamers on the go.
