

SAIL THE SEAS

Brisbane, 10th April 2007. Fans of Ship Simulation will soon be able to enjoy the genre in much greater depth, with the acclaimed Add On to Ship Simulator 2006 releasing Australia-wide this month.

From the Titanic to speedboats, Ship Simulator 2006 puts players at the helm of some of the most varied vessels at sea. Players can cruise around in luxury yachts or navigate treacherous waters, with 40 missions to complete across over 700 square kilometres of detailed ocean environment.

The game features a dynamic weather system, incorporating wind force and rain and ship behaviour has been realistically recreated, leading to a vivid simulation of life on the seas.

The Add On features 6 new classes of vessel, varying from an historic yacht to a massive modern cruise liner. It also allows players to take a virtual tour of each of these new ships and to use the actual controls on the bridge to steer their vessel.

N3VRF41L Publishing and Auran Games will be launching the Ship Sim 2006 Add On Australia-wide on April 29th. Visit www.auran.com for more information.
