COMMANDOS

BEHIND ENEMY LINES

Commandos is a real-time tactics game set in World War II that puts you in command of a small squad of elite troopers. Send them behind enemy lines on a series of hazardous missions, and bring them back alive.

Clever strategy has never been so furiously action-packed. Study the enemy's movements,

and a carefully synchronized

An awesome visual experience-
with the most realistic graphics ever seen in a strategy game - accurate 3D models of more than 350 buildings, structures, vehicles and weapons from World War II.

26 missions- each with totally different challenges, scenarios and difficulty levels - will ensure hours and hours of challenging

Revolutionary AI system- controls more than 40 different enemy vehicles and troops. Enemy units will make decisions and react on their own based on what they see, hear and even.

Plus- enjoy unremitting multi-player action over the Internet and LAN.
