## 1.2 AC V9.1 January 1994

### In This Issue

Designing Holiday Cards ...30

by Dan Weiss

Using your favorite desktop publishing program to create holiday cards.

Aladdin 4D ...37

by R. Shamms Mortier

Mortier creates a layered planet in this month's Aladdin tutorial.

Accent on Multimedia ...41

by R. Shamms Mortier

Part I of this series of articles focuses on a history of hypermedia technology and processes.

Brilliance ...46

by R. Shamms Mortier

Mortier believes that Brilliance is an investment that promises to qualitatively upgrade the future of graphics.

CanDo ...59

by Randy Finch

BrushANIMs, ANIMs, and sound synchronization is the focus of this month's installment.

FractalPro 6.02 ...73

by R. Shamms Mortier

Release 6.02 does some pretty neat stuff, according to Mortier.

PD Update ...82

by Henning Vahlenkamp

Check out some of the more useful freely distributable software.

### Features

Online ...

by Rob Hays

This month Hays takes a look at shareware and public domain programs.

Digital Image Special F/X ...

by William Frawley

How to create 3-D lens flare effects with 2-D programs.

### Reviews

The Primera Printer ...12

by Merrill Callaway

Produces rich, saturated colors and gradients for an affordable price.

RPaint ...15

by Merrill Callaway

Lets you record what you do on the screen and in the menu and translate those actions into an ARexx script.

---

A-Hive Jr. ...17

Provides a convenient and affordable storage unit for any Amiga user.

Address-It! ...18

by Rick Manasa

Problems formatting and delivering output gave Manasa fits; otherwise, he found it to his liking.

1942 Monitor ...22

by Henning Vahlenkamp

Vahlenkamp found the 1942 to be an outstanding monitor, especially for AGA Amigas.

## Columns

New Products & Other Neat Stuff ...8

by Elizabeth Harris

This month's New Products includes Cardiaxx, Combat Air Patrol, On The Ball v1.20, Qwak, Revelation 3D, Wavelink, and more.

cli Directory ...25

by Keith Cameron

Cameron solves his problem with resizing the shell window and goes on to demonstrate how to customize it via the Workbench icon.

Bug Bytes ...27

by John Steiner

This month includes a workaround for The Director on AGA machines, comments on NEC CDR25 CD-ROM drives, an update to ProPage Genies, and more.

ARexx ...53

by Merrill Callaway

Writing two versions of a program to make AmigaGuide help files using two different editors-TurboText and Edge.

Roomers ...69

by The Bandito

Is Commodore really a computer company? Why has the military dropped Commodore? Should the FTC and FCC investigate CD-I infomercials? Is Atari betting the farm on Jaguar?

Diversions ...84

This month's Diversions includes Oxyd, RoboCop 3D, Quest for Clues, Gunship 2000, and Lure of the Temptress.

by Michael Levin  
Commodore Shareholders Movement  
This dedicated group takes steps to protect investments in Commodore Business Machines and turn the company around.

### 1.3 AC V9.2 February 1994

#### In This Issue

CanDo ...29  
by Randy Finch  
This month Finch uses AnimManager, an AmigaDOS program that plays an ANIM file with full double buffering.

Putting Some Flare into Your Imagination ...37  
by Marc Hoffman  
A quick and easy way to create lens flare effects in Imagine.

Amiga on Internet ...42  
by Henning Vahlenkamp  
Vahlenkamp explores the Internet and its services.

Desktop Publishing & Forms ...46  
by Dan Weiss  
An easy way to create custom forms with your favorite DTP program.

WOC-Cologne ...51  
by Ben Vost  
With over 150 companies represented and over 50,000 visitors on Saturday alone, this show was a success.

Organize Your Files with Professional Page ...54  
by Dan Weiss  
By using the power of ARexx, you can print file directories, graphics catalogs, and more.

WOCA-Toronto ...57  
CD-ROM and a host of other new products highlight one of the best Toronto shows ever.

Coming Attractions ...74  
by Henning Vahlenkamp  
A sneak peek at new and upcoming games such as Entity and Overdrive.

The AGA Chip Set & Amiga Gaming ...81  
by Jeff James

---

An examination on how the AGA chip set is changing the face of Amiga gaming.

## Reviews

Diner Object Set ...12

by Douglas J. Nakakihara

This three-disk package comes with all the objects necessary to build a complete 1950's diner.

Magic Lantern ...14

by Douglas J. Nakakihara

A new animation compiling program for all Amiga display modes including AGA, Retina, Picasso II, and GfxBase's GDA card in all 8-bit modes.

TapeWorm-FS ...17

by Douglas J. Nakakihara

Nakakihara was so taken with the TapeWorm-FS, he proclaimed that no tape-drive owner should be without it.

FinalWriter ...20

by Merrill Callaway

Not only a word processor, FinalWriter has many features found exclusively in desktop publishing programs.

EGS 28/24 Spectrum ...23

by Marc Hoffman

With its display capabilities, graphics processing power and software, this board is likely to be a big hit, states Hoffman.

## Features

Online ...40

by Rob Hays

Hays takes a look at two automated terminal programs.

Digital Image Special F/X ...66

by William Frawley

Using ARExx/OpalPaint, ADPro, and DeluxePaint IV to process images automatically.

## Columns

New Products & Other Neat Stuff ...8

by Elizabeth Harris

This month's New Products includes Mailing List Manager, The Patrician, Notator-X, Dune II, REXXVar 1.0, MicroTouch Touch Monitor, and more.

cli Directory ...25

by Keith Cameron

Cameron takes a close look at the Shell and how it really works.

Bug Bytes ...27

by John Steiner

Concerns this month center around ADPro and the HP Deskjet 500C, the Multi-Start ROM Switcher, and the GVP/Supra conflict.

ARexx ...60

by Merrill Callaway

This month Callaway focuses on an assortment of smaller subjects; for example, quoting.

Roomers ...69

by The Bandito

Commodore delivers its long-awaited fiscal year-end financial report. As CD?Ö reaches phenomenal sales in Europe, other CD platforms hit snags.

Diversions ...84

This month's Diversions includes Lemmings 2: The Tribes, Lionheart, Syndicate, Street Fighter 2, Shadowlands, and Walker.

## 1.4 AC V9.3 March 1994

### In This Issue

CanDo ...29

by Randy Finch

Finch continues this month with Buttons, Sorting, Printing, and AmigaGuide Help as he catalogues his Star Trek video collection.

Accent on Multimedia ...39

by R. Shamms Mortier

Mortier focuses on branching storyboards.

Amiga Stars at Medical Convention ...44

by Michael Tobin, M.D.

An example of patient education using the Amiga interactively with HELM in nuclear medicine.

Punctuating Your Presentations with DCTV ...47

by John Steiner

---

Discover how one teacher used DCTV to lecture on the Renaissance.

CanDo vs. HELM ...52

by Randy Finch

A head-to-head comparison of two superior authoring systems. Find out which comes out the winner.

Aladdin 4D ...56

by R. Shamms Mortier

In this session, Mortier discusses some fairly simple ways of altering animations through the use of an A4D Camera/Target system.

CES ...81

While entertainment and sports stars dominated the consumer electronic industry's main event, CBM adopted a modest race in their push of CD-ROM.

CD-ROM Review ...83

Reviews of some of the hottest new CD-ROM releases straight out of Europe.

## Reviews

Scala MM300 ...14

by R. Shamms Mortier

Mortier believes MM300 to be "hot stuff" for anyone doing interactive media work.

Invoice-It! ...16

by Rick Manasa

Designed to simplify the billing procedures many self-employed and small business owners face.

Aladdin 4D Tutorial Video Tape Set ...20

by Merrill Callaway

Callaway contends that people who have never used Aladdin 4D before will find the videos difficult going.

## Features

Online ...41

by Rob Hays

A close look at Starship, the Amiga section of Genie.

PD Update ...63

by Henning Vahlenkamp

This month: a description of AlertPatch 2.9, which often can prevent crashes; MuchMore, a smooth-scrolling ASCII text utility; and other shareware/freeware titles.

Digital Image Special F/X ...72

by William Frawley

Using ARexx, ADPro, and PageStream to process images.

## Columns

New Products & Other Neat Stuff ...8

by Elizabeth Harris

This month's New Products includes the CEI 4000M, ClariSSA Professional

---

V3.0, Edge, SAS/C Version 6.50, TaxBreak 1993, and CanDo 2.51.

cli Directory ...25

by Keith Cameron

Cameron concludes his short series on basics of the shell by exploring command line editing.

Bug Bytes ...27

by John Steiner

Problems booting with A2630 and DKB 2630 32-bit RAM board; a solution to the DPaint IV and A4000 conflict; and more.

ARexx ...59

by Merrill Callaway

In this issue, Callaway uses FinalWriter to print envelopes.

Roomers ...67

by The Bandito

Is there a deal in progress between Hewlett-Packard and Commodore? Will Blockbuster Video's rental of CD-ROMs and drives affect CD-ROM sales?

Diversions ...86

This month, two games from Psygnosis-Combat Air Patrol and Prime Mover.

by Don Maxwell

## 1.5 AC V9.4 April 1994

In This Issue

CanDo ...31

by Randy Finch

AppEvents and graphics printing—create a custom Workbench utility to view pictures as a slide show.

Computer Cafe Serves Up Shasta ...40

by Robert Van Buren

The design team at California's Computer Cafe create incredible "Can-A-Mation" for a beverage commercial.

Aladdin 4D Review ...47

by R. Shamms Mortier

Shamms examines the new features of this latest A4D release.

Jim Sachs Interview ...55

Jim Sachs, creator of the Defender of the Crown games talks with AC about his career as an Amiga artist, animator, and game designer.

Desktop Publishing with Special Papers & Supplies ...58

by Dan Weiss

Use papers from Paper Direct, Queblo, and others to enhance your desktop publications.

Great Amiga Helpware ...61

by R. Shamms Mortier

Shamms takes a closer look at Pegger and Magic Lantern.

AGA Chip Set and the Amiga: CD?Ö to the Rescue! ...84

by Jeff James

What does the future hold for CD?Ö & AGA Amigas? Jeff has the inside scoop.

## Reviews

Montage 24 ...14

by R. Shamms Mortier

A look at this 24-bit presentation and text rendering program from Innovision.

MovieMaker ...17

by R. Shamms Mortier

Digital non-linear audio and video editing for the Amiga.

Primera Dye Sublimation Upgrade ...18

by Merrill Callaway

This upgrade brings photo-realistic output to your Primera printer.

The Imagine Companion ...23

by Marc Hoffman

A unique tutorial and help book, The Imagine Companion makes a useful addition to any Imagine user's library.

## Features

Online ...25

by Rob Hays

On-line jargon and symbols, surge protection, and the Fighter Duel Pro 2 demo top Rob's list.

---

Digital Image Special F/X ...73  
by William Frawley  
Using ARexx, ADPro, and PageStream to process images.

#### Columns

New Products & Other Neat Stuff ...8  
Arctic Baron, DevPac3, FDP2, Sequencer One, Studio, and multimedia speakers are among this month's new products.

cli Directory ...37  
by Keith Cameron  
Keith introduces a glossary of AmigaDOS commands.

Bug Bytes ...27  
by John Steiner  
Questions regarding Autoconfig; Tool Manager 2.0 and Quarterback incompatibilities; Online Platinum script file workaround; and Workbench 2.1 Gurus are addressed.

ARexx ...43  
by Merrill Callaway  
Create a Graphical User Interface-GUI-for your ARexx program.

Sync Tips ...66  
by Oran Sands  
AC welcomes Oran Sands to its pages with the introduction of his new column for Amiga video.

Roomers ...67  
by The Bandito  
CD-ROM, CES, Atari, NewTek, and of course, Commodore are under the Bandito's watchful eye this month.

CD-ROM Review ...81  
Defender of the Crown II, Grolier's Encyclopedia, and Insight: Technology are among the new titles for CD-ROM.

Diversions ...89  
Overdrive and Ishar: Legend of the Fortress AGA are on the review list.

## 1.6 AC V9.5 May 1994

### In This Issue

Amigas in Business ...36

by Roger Thompson

A focus on Creative Equipment International and their use of the Amiga.

CanDo Tutorial ...38

by Randy Finch

This month, Randy examines SubDecks, Proportional Sliders, and Custom Pointers.

Four Music Utilities ...45

by R. Shamms Mortier

Shamms examines four popular Amiga music utilities: RiffGrabber, EmTrax, Mozart's Music Master, and KeyBang!.

Desktop Publishing for Profit ...52

by Dan Weiss

Resum design: A simple and profitable way to break into the desktop publishing field.

24-bit Painting Techniques ...55

by Marc Hoffman

Mark reviews some basic painting techniques and couples them with more advanced methods to bring new light to 24-bit painting.

DeluxeMusic 2.0 ...63

by R. Shamms Mortier

Shamms reviews this latest release of the popular DeluxeMusic package.

Coming Attractions ...85

by Henning Vahlenkamp

A look ahead at upcoming Amiga games including JetStrike, Fighter Duel Professional 2.0, Magic Boy, and Seek and Destroy.

### Reviews

ADI Junior ...13

by Eric Nixon

A review of this innovative learning environment from Eruopress Software.

MusicLab-IFS ...15

by R. Shamms Mortier

Derive sound from fractal images with this unique music application.

---

MicroBotics MBX-1200z ...18  
by Rob Hays  
A review of this handy math coprocessor and 32-bit RAM add-on card for the A1200.

OctaMED Pro v5.0 ...21  
by R. Shamms Mortier  
Play eight separate channels of internal Amiga sound at once with this utility.

## Features

Online ...24  
by Rob Hays  
This month Rob takes a look at the Amiga services offered by CompuServe.

PD Update ...30  
by Henning Vahlenkamp  
A look at the hottest shareware, freeware, and public domain software available. This month: MegaBall 3.0, Motorola Invaders, New World, and more!

Digital Image Special F/X ...72  
by William Frawley  
Add motion blur to your images in ADPro with the help of ARexx.

## Columns

New Products & Other Neat Stuff ...8  
CD\_ADE, Montage Postscript Module, Golden Gate 486SLC2, and LightRave 3.1 are among the neat items in this month's New Products.

cli Directory ...26  
by Keith Cameron  
Keith continues the glossary of AmigaDOS terminology.

Bug Bytes ...28  
by John Steiner  
Bug fix for February's Bug Bytes; Coprocessor selection on the A4000/30; Expanding CDTV units; A2002 monitor notes; Vortex board workaround.

ARexx ...59  
by Merrill Callaway  
An ARexx program for ADPro to create motion blur in animations.

Roomers ...68  
by The Bandito  
NewTek, LightRave, CD-i, Commodore Shareholder's Movement, 3DO, CD?Ö, and of course, Commodore U.S.A. are on The Bandito's list this month.

CD?Ö Reviews ...81  
Featured this month, Pirates! Gold from Microprose, Diggers, Fire Force, and Lock-n-Load, a collection of shareware and public domain software.

Diversions ...87  
This month: Dune II, Body Blows Galactic from Team 17, Discovery: In the Steps of Columbus, and Alien Breed 2.
