

MacroForm™

OAO Media has announced a release date of the end of June for their MacroForm™ Powerful Modeling Macros for Lightwave 3D™. This package is made up of 20 modeling tools/utilities which were designed to enhance your creativity while also increasing productivity. Performing modifications on existing data, MacroForm provides excellent tools for morph and organic object creation. It also significantly reduces time spent on creating those complex models. MacroForm features a RailToolz Environment which includes tools such as RailMold, RailBend, RailRout, RailStretch and RailScale, allowing you to mold, bend, bevel, stretch and scale data based on curve profiles. Other time saving utilities such as KeyMaster, Dimensions, and Align & Center will help to further streamline your modeling sessions.

For a complete listing and description of the tools contained in MacroForm call or write to: One and Only Media, 908-964-4546, P O Box 218, Vauxhall, NJ 07088-0218. MacroForm will sell for a list price of \$225.00 (US dollars) + S/H.
