Dear Electronics Boutique Store Managers,

As you have discovered, 3 Magazine is a great way to improve the interest in the 3DO product line. Sales of 3DO systems and hardware are often more likely with 3 Magazine's 3DO coverage on your shelves.

Your current draw of 3 Magazine will not be increased unless you or your main office requests it. We have heard from several EB stores around the country who are frustrated with the fact that they are selling out of 3 early. To get more of this issue or to increase your standing order dial
