RELENTLESS SOFTWARE BIOG

Based in Brighton on England's South Coast, Relentless Software was founded in October 2003 to deliver world class products in the 'lifestyle' genre. With core gamers well catered for in the current videogame market Relentless are focussing their talents on music based products which are accessible to the widest possible audience.

While a relatively new company, Relentless' staff have a wealth of experience across a broad range of platforms. Their first title, *DJ: Decks and FX,* is due to be published by Sony Computer Entertainment Europe in 2004.
