Features

Joytech has created a highly versatile and unique memory solution designed for use in conjunction with the official Sony® 8MB Memory card.

The 16MB Memory Station™ allows the gamer to download data through the official 8MB card to the Memory Station's onboard memory.

Once connected, the Memory Station™ removes the gamers constraints, offering a mind blowing 24MB of combined memory, more than enough for today's intensive gaming experiences!

- **PlayStation®2 compatible**
- **Simple** set-up
- **Superior grade one uncompressed Flash memory** providing exceptional reliability
