

JOYTECH Shoots to Thrill (Again!)

Windsor, England – April 8 2003

JOYTECH today release details of the latest weapon in their considerable peripheral arsenal, with the launch of the astonishing Sharp Shooter 2™ Arcade Light Gun for PlayStation®2.

The Sharp Shooter 2™ Arcade Light Gun continues JOYTECH's long and illustrious Light Gun history, which includes the best selling 'Sharp Shooter™', and the authentic 'Real Arcade Light Gun™' peripherals for the PSone™ Console. Now, almost three years after the launch of the original Sharp Shooter, JOYTECH return with the true successor, and the Sharp Shooter 2™ is one sequel, guaranteed to better the original!

Thanks to JOYTECH's advanced research and development facilities, the Sharp Shooter 2™, overflows with a multitude of cutting edge features, and state of the art technology, designed to astound gamers, and cement their reputation as Europe's leading third party peripheral manufacturer.

The Sharp Shooter 2™ holds the distinction of being JOYTECH's most sophisticated Light Gun to date, and is one of a select few Light Gun peripherals, to come complete with 100Hz compatibility, allowing it to work with the majority of modern televisions! Compatibility means little without accuracy however, and thus JOYTECH have given gamers a vital edge with a unique 'Detachable Scope', that projects a focused 'Red Dot' Targeting Sight, allowing players to stay on shot, each and every time!

Fully compatible with G-Con 45™, G-con™2, and all known Light Gun Games, the Sharp Shooter 2™ Arcade Light Gun features Auto Reload, and Auto Fire functions, an In-Built Directional Pad, along with a 'C' Action Button, located at base of grip, for realistic 'Gun-Motion' reloading action!

Remarking on the Sharp Shooter 2™, JOYTECH's Product Development Manager Peter Jackson commented "The Sharp Shooter 2™ is the culmination of years of Light Gun experience. JOYTECH wanted to stay true to a realistic design and we have implemented the very latest technology to ensure unheard of degrees of accuracy, along with 100Hz compatibility. We believe the size, weight, appearance, and genuinely useful features such as the Detachable Scope, will enhance game play, and delight shooting fans of all ages"

JOYTECH – Shoot to Win.

Safe Harbor Statement under the Private Securities Reform Act of 1995: The statements contained herein which are not historical facts are considered forward-looking statements under federal securities laws. Such forward-looking statements are based on the beliefs of our management as well as assumptions made by and information currently available to them. The words "expect," "anticipate," "believe," "may," "estimate," "intend" and similar expressions are intended to identify such forward-looking statements. Forward-looking statements involve risks, uncertainties and assumptions including, but not limited to: risks associated with our future growth and operating results; our ability to continue to successfully manage growth and integrate the operations of acquired businesses; the availability of adequate financing to fund periodic cash flow shortages; credit risks; seasonal factors; inventory obsolescence; technological change; competitive factors; product returns; failure of retailers to sell-through our products; the timing of the introduction and availability of the Company's new software products and third-party hardware platforms; market and industry factors adversely affecting the carrying value of our assets; unfavorable general economic conditions (including the current economic downturn); and acts of war and terrorism, any or all of which could have a material adverse effect on our business, operating results and financial condition. These important factors and other factors that could affect the Company are described in the Company's Annual Report on Form 10-K, as amended, for the fiscal year ended October 31, 2001 and on Form 10-Q for the quarter ended July 31, 2002. Actual operating results may vary significantly from such forward-looking statements. The Company has no obligation to update such forward-looking statements.
