PageStream-FAQ-english

1.1 PageStream-FAQ

```
                  PageStream-FAQ
   Stand: 27 Sep 2000

           How do I get support?

           Using PageStream with older TurboPrint-versions causes problems  ←
               from time

           to time.

           Which 'optical' DPI-setting do I have to make, when I work with  ←
               1024x768?
                This FAQ is Copyright by Haage&Partner.

1.2 PageStream-FAQ

```
How do I get support?

You can get support most easily and quickly using the Internet. To get
support from us you have to be a registered user. Please do never send
your serial number over the internet unless you use PGP encrypted mail.

```

1.3 PageStream-FAQ

Using PageStream with older TurboPrint-versions causes problems from time
to time.

TurboPrint provides an indirect PageStream3-support only with version 7
or higher. To print in truecolor you need a driver for PGS directly. When
you don't have the newest Epson printer you can find one in the
distribution.

1.4 PageStream-FAQ

Which 'optical' DPI-setting do I have to make, when I work with 1024x768?

Normally you set it to 72x72 DPI.
