<b>Availability:</b>	October 2003
<b>Genre:</b>	Adventure
<b>Estimated Retail Price:</b>	\$49.99
<b>Platform:</b>	PlayStation®2
<b>Ages:</b>	Seven and up (7+)

### **Product Description:**

Girls help Barbie™ and her friends find the lost horses missing from the local riding school in the first Barbie™ game for the PlayStation®2 computer entertainment system. Girls join Barbie™ on an action-packed, 3D horse riding adventure as they ride through five stunning areas -- jumping over fallen trees, crossing rickety bridges and avoiding other potential hazards throughout their quest. Girls can even guide Barbie™ and her horse over thin cliff edges and logs in rivers, leading Barbie™ to dismount her horse and explore the trails on foot, even assisting Barbie™ to climb ledges and swing hand over hand along low branches.

### **Key Features:**

- Race after missing wild horses and carefully lasso each one and lead them to safety
- Girls customize their horses by giving them names and choosing a new riding rack, saddles and coat
- Explore a real-time 3D world by galloping through river valleys, trotting carefully across cracking ice and more
- Gain special skills like galloping as you collect power ups
- Nurture lost baby horses by petting and coaxing them to safety
- Engage in multi-player options that allow girls to ride with a friend or challenge her to a race
