Features
  InfoX?  Another ...?

Requirements
  What InfoX needs to run

Usage
  How to use InfoX

History
  A long time ago...

Bugs Report
  Insects in the computer?
```

1.2 Copyright

InfoX is FREeware. It means that you pay nothing to the author and you MUST spread it for FREE. (with PackX, I suppose)

You are NOT ALLOWED to modify the program in any way, or any part of it for any other purpose than than mentioned in this documentation.

The author is not responsible for any damage (file lost, disk corrupt, total computer destruction :-)) caused by InfoX.

1.3 Info about InfoX

```
* InfoX is CLI/Shell utility which shows informations about
XPK
  sub-libraries.  Never run it from Workbench!
```

- * InfoX was written in assembler, that's why it is fast and small.
- * InfoX can show info about given packer(s) or all available packers. You can also get info about packer's modes.
- * InfoX can be interrupted by Ctrl-C.

1.4 Requirements

InfoX needs the following things:

- * Kickstart v2.04 (37.175) or newer
- * xpkmaster.library v2 or newer (in LIBS: directory)
- * some xpk sublibs (in LIBS:Compressors directory)

Read

```
XPK
  documentation how to install XPK package.
```

1.5 usage

InfoX is CLI/Shell utility. Never run it from Workbench!

```
InfoX <packer(s)> [MODES]
```

Template: PACKER/M,MODES/S

Where:

PACKER - four-letter name of the packer, for example:

```
InfoX RLEN
  shows info about xpkRLEN.library
```

MODES - show also all modes available for packer(s), for example:

```
InfoX NUKE MODES
  shows info about xpkNUKE.library with all its modes
```

1.6 history

Version	Date	What was changed
---------	------	------------------

1.0	30-Jul-95	first release
-----	-----------	---------------

1.7 Bugs Report

InfoX may not work correctly. If you found any bugs in InfoX or in this guide please contact the author. The E-Mail address is on the Main page.
