```

====( SCENERS E-MAIL COMPILATIOn )===== ( iNTRO ) ↔

```

More and more ppl get internet access and account recently, and probably not only for leeching the latest Aminet stuffs, but to get in touch with his/her friends, mates, pals, fellows, dogs, cats, enemies and bomb them. Thus the basic idea of this compilation is to help you out with (more or less) the

```

latest e-mail
addresses of sceners, no matter what platform they have.

====( SCENERS E-MAIL COMPILATION )===== ( SUPPORT! ) ↔  
=====

If you

send

me new e-mails, don't use any special chars for BEGINNING  
your handle (e.g instead [lAME.] or ]!\*lAME\*![ aso. write: lAME or  
lAME!.) BUT you CAN use them in your !LOCATIOn! wherever you want.

Or in the other hand, the spec chars from your handle  
will be removed by me!

I want to release an  
updated list  
each (or every second?) month, so,

I NEED YOUR SUPPORT!

Cesium is in the army now. Send all your contributions ↔  
rather to me,  
only, now...

And Send your letters in common language (English), not in your  
local country-speech ... Otherwise i skip them!
