# PET PALS ANIMAL DOCTOR

Parents'  
Choice Silver  
Award Winner

Pet Pals: Animal Doctor is now available for the Wii! For the first time, players of all ages can bring the operating table right into their living room and enjoy a one-of-a-kind gaming experience. Veterinarian simulation is brought to a whole new level, via the unique Wiimote. Players feel like they are performing real surgeries, making the award winning game more

The unique Wii controller simulates real veterinary tools as you use them to treat 30 different cases, ranging from minor cases like sunburn, lacerations and infections to more serious problems like diabetes, tumors and snakebites. Cases were created by real working veterinarians from actual field experience and contribute to the authenticity of the game play.

## Features

- Wide variety of beautifully rendered and animated 3D animals, such as dogs, cats, rabbits, iguanas, parrots and more!
- 30 true to life medical cases where quirky co-workers are always on hand to help you out.
- Minigames for each medical tool make the player feel as though the tool is really in their hands.
- Players can feed, clean and play with their patients in the Recovery Room to help improve each animal's spirit.
