You step through a portal into a magical world where you're a princess! Can you master your dance moves and woo one of the six handsome princes in time for the big ball?

Its part rhythm game and part adventure game.

In the game, you find yourself in a fantasy world where you have 30 days to get ready for the big ball; you'll have to master a variety of dances and pick a partner from one of six charming princes. You'll meet and woo the princes of your dreams through the game's large, branching storyline and involving event system. Once you've convinced a prince to be your dancing partner, it's time to go out on the dance floor! You'll use the Touch Screen to guide your character gracefully across the dance floor while matching your partner's rhythm. All of the dances in the game are taken from motion-captured professional dancers, so the game is just as impressive to watch as it is fun to play.
