The Tool Panel allows easy access to TIFFany's many ways of applying ;../Actions/Actions.rtfd;;;¬ **Actions** to images. The different icons represent the selection or modification possibilities. You will use the Tool Panel any time you want to make a selection or paint within an image. Functions like crop, zoom, fill and transformation are also found in the Tool Panel.

The ;Mini Tool Inspector.rtfd;;;¬ **Mini Tool Inspector** will reflect commonly changed options for the tools...
