

Sarrus On-Line—Product Information via fax and electronic mail

Pencil Me In®

Pencil Me In is the premier personal and group calendar application on NEXTSTEP™. Powerful, flexible, and designed for the networked user, Pencil Me In allows you to schedule one-time or repeating appointments, track action items, and use group calendars to find the best time for a meeting. You can also view time in eight customizable formats and share calendars over a network. Other product features include three kinds of alarms, five levels of security, and e-mail connectivity.
