

GoldenEye 007™

FACT SHEET

PRODUCT DESCRIPTION:

Designed exclusively for Wii™, ***GoldenEye 007*** allows players to channel Daniel Craig's lethal and gritty James Bond in an innovative, modern take on the legendary Bond adventure, *GoldenEye*. Blending fast-paced first-person shooter (FPS) action with covert gameplay, ***GoldenEye 007*** epitomizes the modern "thinking man's shooter" by offering varied ways to complete each mission, destructible environments, the use of cover and multiple control scheme options, including the Wii Remote™, Nunchuk™, Classic Controller Pro™ and the Wii Zapper™. ***GoldenEye 007*** redefines the multiplayer experience on Wii with unprecedented split-screen action featuring classic Bond characters and special game modes, as well as online play for up to eight friends.

KEY FEATURES:

- **Wii Exclusive** - The original ***GoldenEye*** for the Nintendo 64™ redefined the FPS genre, making it a best-selling title on one of the most popular platforms. As a Wii exclusive, the new ***GoldenEye 007*** gaming experience will reflect modern technology advancements, while channeling nostalgia for fans of the franchise.
- **Split-Screen Multiplayer / Classic Bond Characters** - ***GoldenEye 007*** features an unprecedented lineup of four-player split-screen MP options, including 40 total characters, 8 classic Bond characters, 5 maps, 3 standard modes and 16 special modifiers that allow gamers to create over 500 different game combinations. ***GoldenEye 007*** also features online multiplayer for up to 8 players designed for seasoned FPS online gamers with unique modes and a robust XP system for unlockables and achievements.
- **Choose the Way you Play** - In addition to the Wii Remote and Nunchuk, ***GoldenEye 007*** also supports the Classic Controller Pro for gamers who want to play with standard FPS controls and the Wii Zapper for "point and shoot" gamers; players will have several control scheme options, allowing them to experience ***GoldenEye*** on Wii any way they want.
