

NINTENDO DS™

Helping Pokémon Get Out of a Pinch

The third installment in the action-packed *Pokémon Ranger™* series lets players take on the role of a Pokémon Ranger tasked with protecting Pokémon, people and nature in the Oblivia region. As a Pokémon Ranger, players investigate the nefarious actions of the Pokémon Pinchers, who have been disrupting the peace by chasing and catching Pokémon.

FEATURES:

- As a Pokémon Ranger, players set out to stop the Pokémon Pinchers with the help of their partner, Ukulele Pichu™ (an energetic Pichu that always carries a ukulele).
- Players use the Capture Styler to circle Pokémon on the touch screen. The further in the story players progress, the more powers and abilities their Capture Styler gains.
- By drawing special Ranger Signs on the touch screen, players can summon powerful Pokémon that they have befriended to help them progress in the game. Legendary Pokémon like Raikou™, Entei™ and Suicune™ can be summoned by drawing their Ranger Signs.
- Up to four players can play together on certain missions using the Nintendo DS Local Wireless Connection, and discover more about the history of the Oblivia region.
