Description:

A.N.N.E is an exciting 2d platformer and Space shooter hybrid wrapped in a beautiful retro package. A.N.N.E offers a modern twist on the classic well known genres: fast paced action meets open world gameplay, RPG elements and a hint of physics gameplay.

Story: A Quest for love on a forbidden planet

Journey across the stars to Planet Gomi in a quest to rescue your other half. Confront strange creatures and robots that stand in your way on a planet where obsolete and outlawed robots are banished. Search for more powerful weapons and upgrades to access new areas and overcome treacherous encounters.

Features:

- An exciting melting pot of classic games.
- Explore on foot or by air with your trusty ship.
- Explore a beautiful open world consisting of five distinct areas.
- Physics based gameplay lets you interact with your environment
- Customize your arsenal by missing different weapons and bullet types.
- Play as A.N.N.E or NO25.
