

Information for Serif DTP & Graphics Kit CD-ROM Users

Using Write to View This Document

To make this document easier to read, you can enlarge the Write window to its maximum size. To do so, click the Maximize button in the upper-right corner of the window. Or open the Control menu in the upper-left corner of the Write window (press `ALT+SPACEBAR`), and then choose the Maximize command.

To move through the document, press `PAGE UP` or `PAGE DOWN`. Or click the arrows at the top and bottom of the scroll bar along the right side of the Write window.

To print the document, choose Print from the File menu.

For Help on using Write, press `F1`.

Using the Serif DTP & Graphics Kit CD-ROM Online Documentation

The Serif DTP & Graphics Kit CD-ROM comes with online manuals for each of the applications provided: PagePlus Intro, DrawPlus Intro and PhotoPlus Intro. The online manuals use the Adobe Acrobat Reader so you must install this to enable you to view the documentation. The DTP & Graphics Kit CD-ROM install program adds an icon labeled "Install Adobe Acrobat Reader" to your Serif Applications group. Double-click on this to start this install program.

After you have completed the Adobe Acrobat Reader install, you can view each of the online manuals by double-clicking on the relevant icons in the Serif Applications group.

The first time you view an online manual it is a good idea to read the "Using the Online Handbook" instructions. To do this, simply move your mouse over the chapter heading labeled as above and click once.
