# **SOLITAIRE GOLF**

Golf is a very simple solitaire game that, while making no great demands, offers some chance for skill.

### Play

Five overlapping rows of seven cards are dealt face up to form the Tableau. One card is dealt below these to start the wastepile. The reamaining cards are placed face down on the left.

The object is to clear away the Tableau by building cards onto the wastepile. Building is in sequence, up or down, regardless of suit. For example, a five may be placed on a six, or four. A Jack may be placed on a ten or a Queen. However, only a two may be played on an Ace, and nothing may be built on a King. Once a King is played, you must draw a card. The bottom cards of each column are available to be played. Click on the card you wish to play and, if legal, it will move to the wastepile.

Click on the remaining cards to play them onto the wastepile one at a time, using each to take off as many cards as possible from the Tableau. The game is won if all Tableau cards are cleared away.
