Description

The sequel to the critically acclaimed RPG, *Gothic*, *Gothic II* takes you on an even greater journey of adventure and discovery.

The plot continues from the cliff-hanger of the original: After the imprisoned colony members are victorious, collapsing the magical barrier, the former Prison Colony is struck by a terrible earthquake, claiming the lives of many. The majority of survivors seize this opportunity to escape with only a handful of people remaining in the derelict prison.

In this massive, third-person RPG, you find yourself buried in the dark caverns of the underground temple. Forced to survive on dripping water and small animals, you are rescued 6 months later by Xardas, the demon charmer, ready to embark on a gripping adventure…

As the game progresses towards its stunning finale, the cutting-edge graphics, superb characters and twisting plot will amaze, entertain and enthrall in equal measure.
