

HELP WINDOW:

This window manages the documentation for the Concentration] [application. It is completely resource based. All documentation is store in the styl and TEXT resources.

You may edit any text to your liking. Click the Save button to save your changes.

You may add a new help resource by clicking the Add button. You will be prompted for a new name. The current help text will be saved under the new name (the old help resource is unaffected).

To delete a resource click the Delete button. There must be at least one help resource.

If you want to quit a game in progress, then open this window, it enables the Quit menu selection. This was done to reduce the chance of quitting a game in progress by accident.
