GTS would not exist were it not for Amy, who was too busy grading papers to play Marathon. Thanks a lot Amy...

Special Thanks to the Salem Hyde Elementary beta-test team; Cathy "What's a mouse?" Bunce, Chris "Does it work with Marathon?" Constantino, Sue "This is so cool!" Killoran, Cathy "Crash" Sage, Kate "The girl nextdoor" Cassidy, Bonnie "Click it!!!" Fischer, and all of their students (whose arms are still recovering from being twisted so hard).

Thanks also to Zig Zichterman (ziggr@aol.com) for his 3D Buttons CDEF.
