

imeTracker always displays this window when you start the unregistered version. To try the program immediately, click on "Not Yet." Note: this button may occasionally change places with the "Register Now" button. After you register your copy of TimeTracker, this window will not appear again.

To order your copy, click on the "Fill Out Order Form" button, fill it out, and send it to Maui Software with the requested fee*.

If you have received your registration name and registration code, click on the "Register Now" button and enter the requested information. Upper and lower case make a difference, so be sure to enter the information accurately. Your registration name and registration code will convert your unregistered copy of TimeTracker into a full working registered copy.

IMPORTANT: Once you receive your unique registration name and code, KEEP IT IN A SAFE PLACE! You may need it again later.

* A portion of your fee is donated to preserving the Hawaiian environment. As you may be aware, Hawaii has more than it's share of endangered species and over development. Because of this, we will be donating a portion of your fee to various environment agencies that help preserve Hawaii. Please write to us if you'd like more information.
