

PRICING

Anthem has the following pricing.

- Single user licenses, \$60 per user
- A Site License costs \$1200 and covers all locations for your organization within a 160 kilometer radius of your site (100 miles). One big advantage of a Site License is that you do not need to keep track of how many people at your site are using the software.
- A World-Wide License costs \$5000 and it covers all locations for your organization on the planet earth.

HOW TO PAY FOR ANTHEM

Paying for Anthem is fairly simple. When an unregistered version of Anthem launches, a dialog appears which contains the a button labeled "Fill Out Order Form." Selecting this button will launch the Register program. Alternatively, you can open the Register program that accompanies Anthem. Enter your name, your email address, and the number of single user licenses you desire for each program you wish to purchase (or Site or Word-Wide licenses). Save or Copy or Print the data from the Register program and send the data and payment to Kagi Shareware. More specifics on the Register program to follow. Kagi Shareware handles payment processing.

If paying with Credit Card or First Virtual, you can email or fax the data to Kagi Shareware. Their email address is shareware@kagi.com and their fax number is +1 510 652-6589. You can either Copy the data from Register and paste into the body of an email message or you can Save the data to a file and you can attach that file to an email message.

There is no need to compress the data file, it's already pretty small. If you have a fax modem, just Print the data to the Kagi fax number.

Payments sent via email are processed within 3 to 4 days. You will receive an email acknowledgment when it is processed. Payments sent via fax take up to 10 days and if you provide a correct Internet email address you will receive an email acknowledgment.

If you are paying with Cash or USD Check you should print the data using the Register application and send it to the address shown on the form, which is:

Kagi Shareware
1442-A Walnut Street #392-SI

Berkeley, California 94709-1405
USA

You can pay with a wide variety of cash from different countries but at present if you pay via check, it must be a check drawn in US Dollars. Kagi Shareware cannot accept checks in other currencies, the conversion rate for non-USD checks is around USD 15 per check and that is just not practical.

If you have a purchasing department, you can enter all the data into the Register program and then select Invoice as your payment method. Print three copies of the form and send it to your accounts payable people. You might want to highlight the line that mentions that they must include a copy of the form with their payment.

Kagi Shareware can not invoice your company, you need to act on my behalf and generate the invoice and handle all the paperwork on your end.

Please do not fax or email payment forms that indicate Cash, Check or Invoice as the payment method. As far as we know, there is still no technology to transfer physical objects via fax or email and without the payment, the form cannot be processed.

Payments send via postal mail take time to reach Kagi Shareware and then up to 10 days for processing. Again, if you include a correct email address, you will hear from Kagi Shareware when the form is processed. Your unique registration key will be included.

If you do not have an email address, please enter your complete postal address and please remember, we do not know what country you live in so please enter that into the postal address also.

If you do not have an email address you should consider selecting the Postcard Receipt so that Kagi can inform you of your registration code. Kagi transmits the registration codes via email and paid postcard receipt only.

USING THE REGISTRATION KEY

When you receive the key, from Kagi open Anthem. When the registration dialog appears select the "Register Now" button. A dialog box will appear asking you to enter your name and registration code. Carefully enter your name and code exactly as you receive it from Kagi.
