This sound is free for your private use and is

made possible by the help of our sponsor.

Please support Clixsounds by launching your

web browser and clicking
the graphic to visit their

site.   This will allow us to make more   freeware

sounds to distribute!

Instructions

To use the sound as your System StartUp Sound, first locate your "StartUp Items" folder, which is located in your System Folder.

Next, take the sound file and drag it to the "StartUp Items" folder.

Close all folders and restart.   The sound will play after your extensions have loaded.

For more help via the world wide web, launch your web browser and and click on the middle button.
