Paying for Keep Trying!:

Keep Trying! is shareware and costs only $10.00. You are welcome to install it and try it out before paying for it. Once you decide you want to keep Keep Trying!, you must pay the $10.00 shareware fee. If you want to pay for more than one user at a time, the pricing is as follows:

1-5 users, $10 per user
6+ users, $8 per user
A Site License costs $400 and covers all locations for your organization within a 100 mile radius of your site. One big advantage of a Site License is that you do not need to keep track of how many people at your site are using the software.
A World-Wide License costs $1500 and it covers all locations for your organization.

Paying for Keep Trying! is easy. Open the "Register KT" program that accompanies Keep Trying!. You can do this either by double-clicking the "Register KT" icon from the Finder, or by clicking the "Fill Out Order Form" button in the "Please Register" dialog that Keep Trying! displays. Enter your name, your e-mail address or postal address, and the number of user licenses you desire. Save or Print or Copy the data from the Register KT program and send the data and payment to Kagi. Kagi is the company that handles my payment processing; when your payment has been processed you will receive an acknowledgement from Kagi, and a registration code from me (Karl Bunker). The registration code will turn off KT's "Please Register" reminders.

If paying with Credit Card, you can e-mail or fax the data to Kagi. Their e-mail address is sales@kagi.com and their fax number is 510 652-6589. You can either Copy the data from the Register KT program and paste into the body of an e-mail message or you can Save the data to a file and attach that file to an e-mail message. If you have a fax modem, just Print the data to the Kagi fax number.

Payments sent via e-mail are processed within 3 to 4 days. You will receive an acknowledgement from Kagi and your registration code from Karl Bunker, both via e-mail. Payments sent via fax take up to 10 days. If you provide an Internet e-mail address you will receive your acknowledgement and registration code via e-mail.

If you are paying with Cash or USD Check you should print the data using the Register KT application and send it to the address shown on the form, which is:
Kagi
1442-A Walnut Street #392-C2
Berkeley, California 94709-1405
USA

If you pay via check, it must be a check drawn in U.S. Dollars. Kagi cannot accept checks in other currencies. Payments sent via postal mail take time to reach Kagi and then up to 10 days for processing. Again, if you include a correct e-mail address, you will receive your acknowledgement and registration code via e-mail.

If you have a purchasing department, you can enter all the data into the Register program and then select Invoice as your payment method. Print three copies of the form and send it to your accounts payable people. You might want to highlight the line that mentions that they must include a copy of the form with their payment.   Kagi cannot invoice your company, so you need to act on my behalf and generate the invoice and handle all the

paperwork on your end.

If you do not include an e-mail address with your registration information, please enter your complete postal address; we will need it to send you your registration code for Keep Trying! in the mail.
