Help & Author ID:

There is more extended info and help from the main menu on this game! If you have any questions, or any suggestions, comments? I can be contacted through;

AOL: TipStir
Internet: tipstir@aol.com

Installation:

To install this game you should not place it in your C:\WINDOWS or C:\WIN31 or C:\W31 directory, but into it's own subdirectory like in this example:

C:\WINDOWS\GAMES

This way you don't have to clutter up your main Windows directory with all these games.

Add the game to one of your ProgMan Manager Group files or or leave it as a Icon button by doing a drop and drag in Norton Desktop, Pc Tools for Windows, or run it from DashBoard quick icon launcher or Program Menu.
